

WELCOME

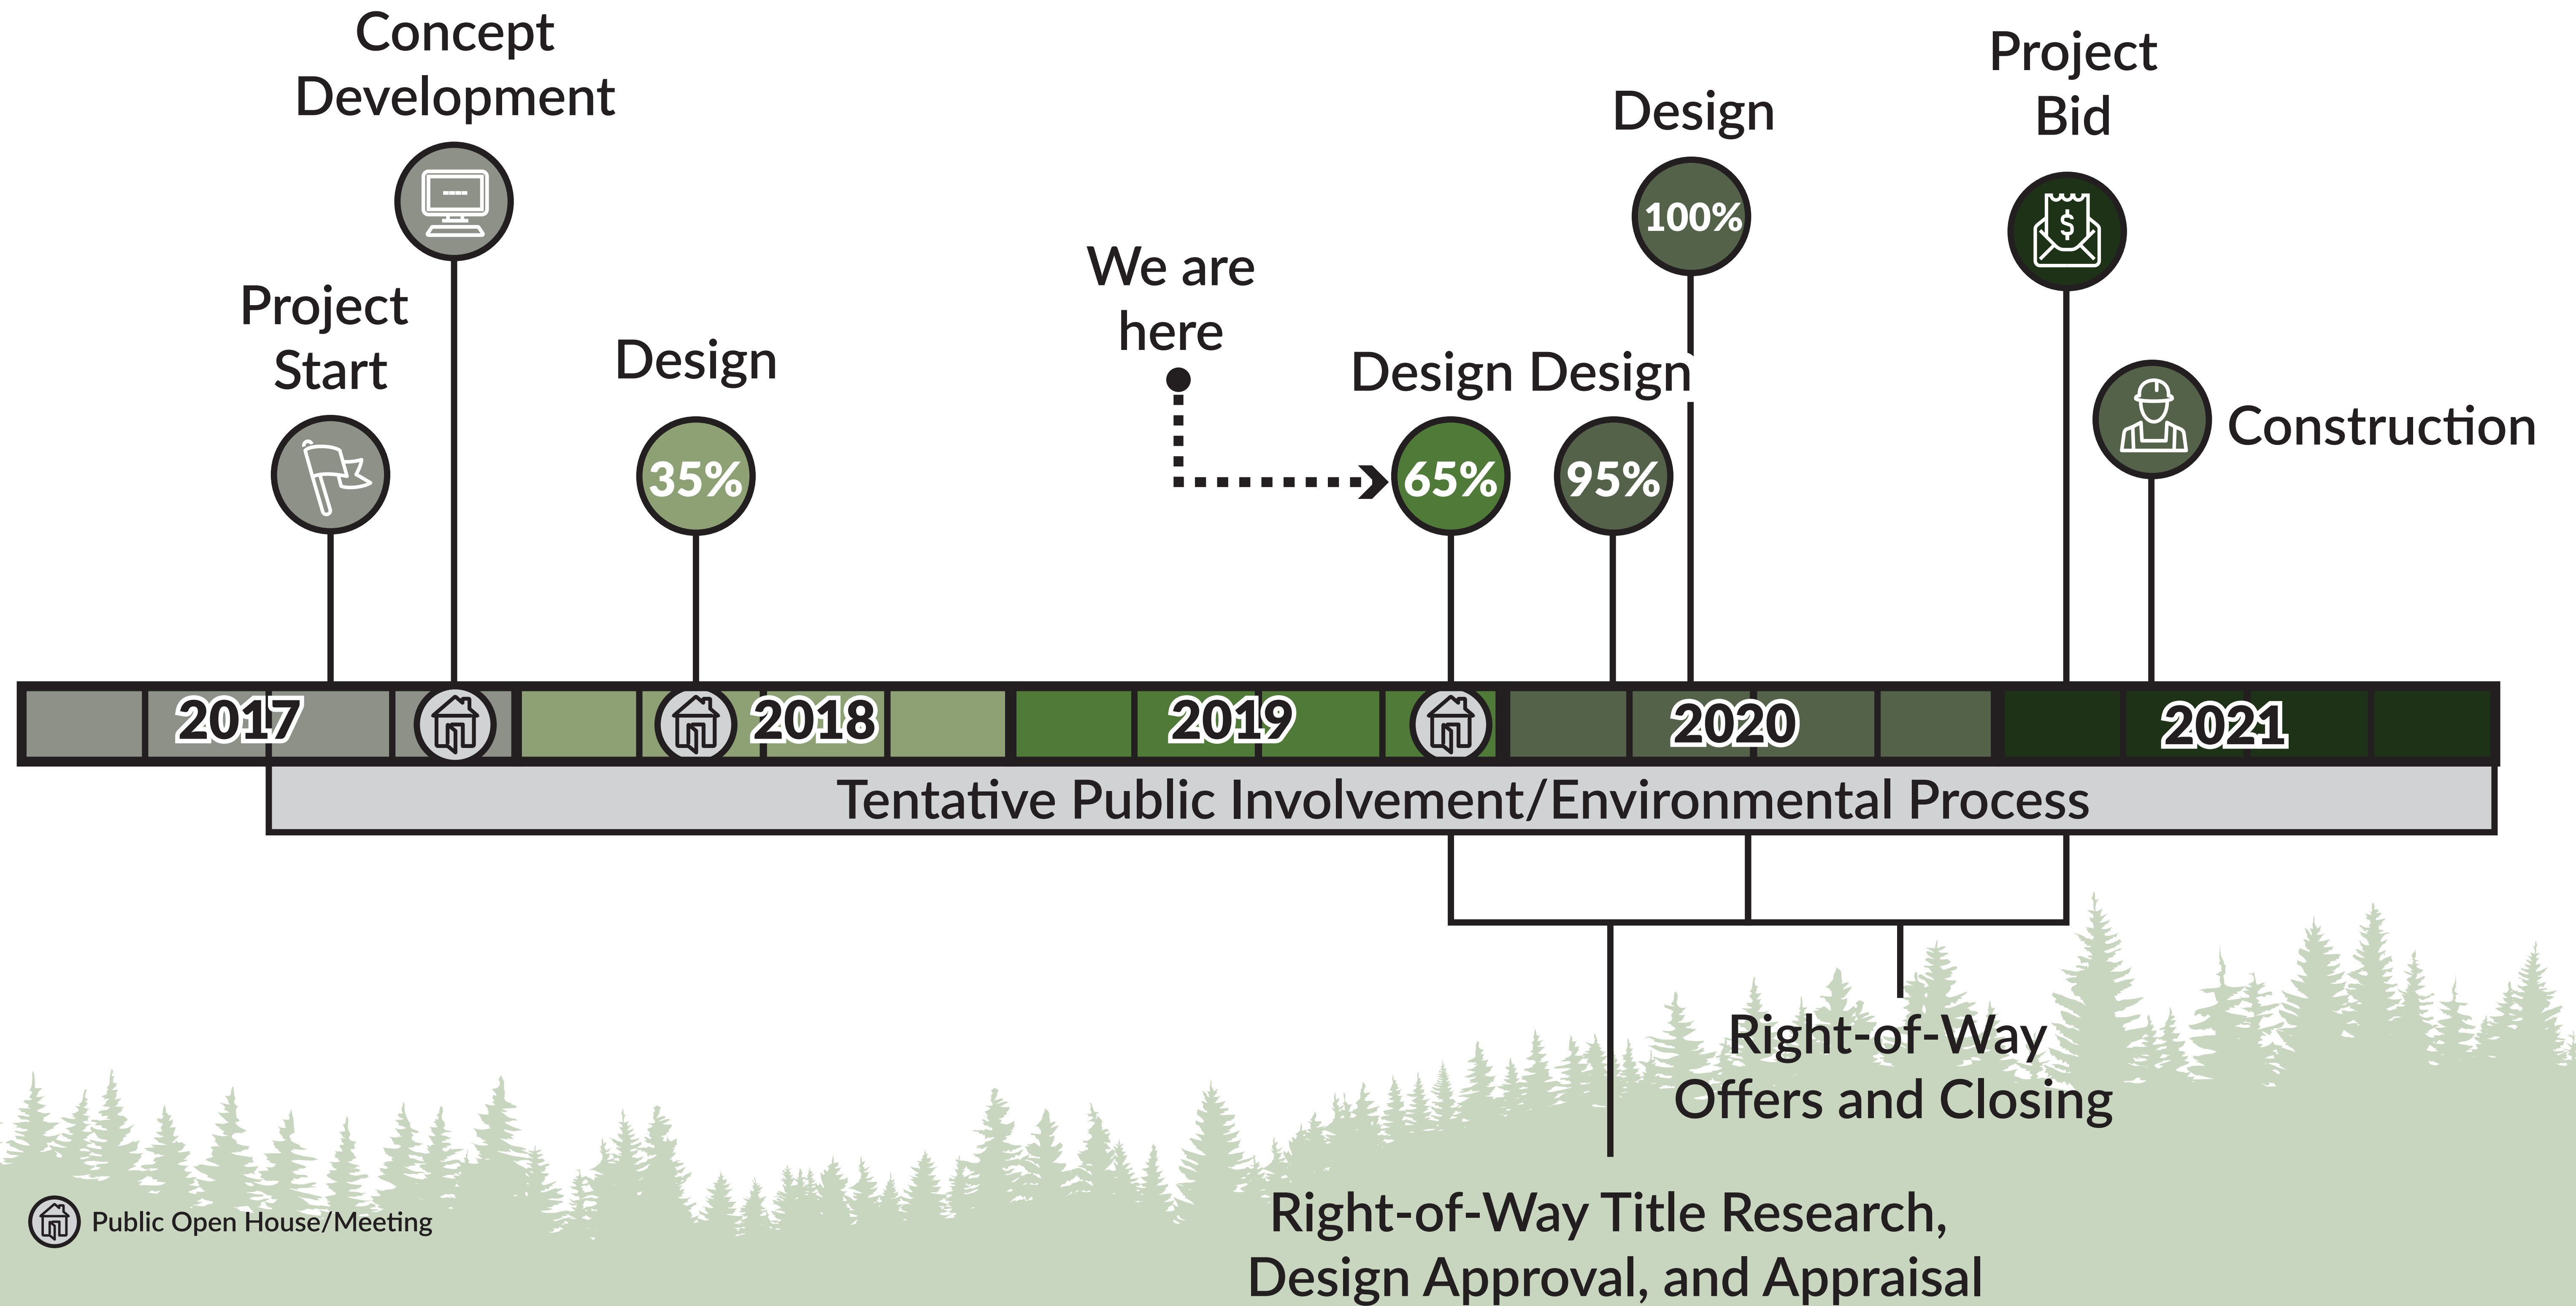

AIRPORT DESIGN PUBLIC INFORMATION SESSION

This Alaska DOT&PF project will design and construct a new airport in Angoon. The location was selected by FAA in the EIS and is Alternative 12a with Access 12a.

The design project will:

- » determine the airport layout and design
- » acquire permits
- » acquire right-of-way
- » prepare bid documents for construction contractors

SCHEDULE

DOT&PF plans to complete the design in 2020.

Construction would begin no sooner than 2021 and could take up to three years.

12A-ECHO
